

Stellisept[®] med

Antiseptic body cleansing

**Antiseptic body cleansing with comprehensive effect against MRSA and ORSA.
Available as a wash lotion.**

Product properties

Stellisept® med is an antiseptic wash lotion with replenishing properties and a broad spectrum of antiseptic effect. The preparation is suitable for MRSA eradication in accordance with the Robert-Koch Institute recommendation. The effect of Stellisept® med is tested according to European standards. It meets the requirements of EN 1499 and EN 13727 and provides a comprehensive effect against national epidemic MRSA strains and clinical MRSA isolates.

Through selected ingredients and the alcohol-free formulation the wash lotion possesses a considerably better skin compatibility than conventional decontamination preparations.

- comprehensive activity against national epidemic MRSA strains and clinical MRSA isolates
- bactericidal activity
- skin nurturing properties
- skin-friendly pH value of approx. 5.5
- free from colourants
- very good skin and hair compatibility and good mucous membrane tolerability

Composition Stellisept® med

Aqua, PEG-40 hydrogenated castor oil, PEG-150 distearate, glycerin, panthenol, allantoin, PEG-7 glyceryl cocoate, didecylidimonium chlorides, sodium citrate, perfume (fragrance).

Microbiological activities

Stellisept® med is bactericidal (incl. MRSA/ORSA).

Areas of application

Stellisept® med is suitable for the following areas of application:

- antiseptic whole-body washing in case of MRSA/ORSA
Stellisept® med possess both a proven comprehensive activity against MRSA and an excellent dermatological tolerability. Stellisept® med's efficacy against 6 national epidemic MRSA strains and a selection of clinical isolates and strains was proved in tests analogous to the European EN 13727 method: within 30 seconds Stellisept® med (50 %) achieved reduction factors (RF) of > 3 against all tested strains.
- pre operative body washing
Stellisept® med with its gentle cleansing and skin caring formulation is ideal for the pre-operative body washing or showering of patients prior to surgical procedures.

- hygienic handwashing
Stellisept® med is a skin-friendly and comprehensive active alternative to conventional decontamination preparations in kitchens and food-processing areas. In addition, the preparation fulfills the requirements of EN 1499 and EN 13727 within 30 seconds.
- for care homes and older patients
The antiseptic and skin care properties of Stellisept® med make it ideal for the gentle cleansing of patients with older skin, who are confined to bed, or who suffer from incontinence (including double incontinence). Because of its moisturising properties, Stellisept med can also help prevent the formation of pressure sores.

Directions for use

- antiseptic whole-body washing
Apply Stellisept® med directly to the moistened skin and the wet hair or to a damp washcloth or sponge. Cleanse the body areas intensively and rinse with clear water after at least 30 seconds. Ensure that skin folds, axillae and the gaps between fingers and toes are sufficiently wetted with the preparation.

Dosage

	Exposure time
EN 1499	30 s
Whole-body washing in case of MRSA/ORSA	30 s

Chemical-physical data

Appearance	clear liquid
Smell	soapy, fresh
pH value (conc.)	5.5 – 6.5
Density (20 °C)	1.010 g/cm ³
Durability after opening	approx. 1 year

Stellisept® med – Presentation

100 ml, 500 ml and 1000 ml bottles, 500 ml bottle with mounted pump

* A number of accessories and spare parts are available for the BODE Wall-mounted Racks and BODE Eurodispenser. In addition the BODE Eurodispenser 1 is provided with different arm lever lengths. Please ask for further information.

Note: The recommendations regarding our preparations are based on scientific tests and are given in good faith. More detailed recommendations, e.g. regarding material compatibility, are only possible in particular cases. Our recommendations are without obligation and do not constitute a warranty. They do not preclude a company's own testing for the intended purposes and processes. In this respect we cannot accept any liability. This complies with our general conditions of sale and supply.
